

NMD_EML NEWSLTR_SALE_Labor Day Sale Extension_Send: 09.05.23

SUBJECT LINES:

1. If you aren't an early bird and love NatureM.D. formulas, this is for you:
2. If you were too busy enjoying the holiday weekend ...

PREHEADER:

- Last (last) chance for getting your foot in the door on the Labor Day discount
- Our Labor Day Sale is being extended by 1 day

BODY:

{{first_name|default:'friend'}} ...

We get it.

Long weekends are meant for fun, relaxation, and sometimes ... forgetting about emails!

After some thought, we realized it didn't make sense to exclude anyone from our amazing Labor Day sale because they were living their best lives and being human.

So, here's the deal:

We're adding ONE FINAL DAY to our sale.

Get 20% off and a free NutriProtein with code

This is it. No exceptions.

Remember that scene where Indiana Jones grabs his hat just in the nick of time? Well, no hat grabs this time.

If the door closes on this sale, that proverbial hat's staying on the other side, along with the whopping 20% off of the formulas you love:

- GutConnect 365
- Synbiotic 365
- Enzyme 365
- NutriProtein

And in case you were wondering...

The free NutriProtein gift is still very much a thing.

We have a few left in stock, and it's still free if you spend \$175 or more.

Seize the moment, all you not-so-early birds!

(We tried to think of a suitable alternative to early birds, and that was the best we could come up with.)

To life, fun, and a little more time...

Wishing you the best health,

Team NatureM.D.
